PROFESSIONAL SUMMARY

Self-taught Full Stack Developer and Government Technical Staff (ASN PPPK) with a strong foundation in modern web development and public administration. Proven track record of independently solving complex technical problems, including debugging legacy national library systems manually without AI assistance. Passionate about building efficient, clean applications using React, Next.js, and Tailwind CSS, while continually innovating within the public sector.

EXPERIENCE

ASN PPPK Paruh Waktu

Nov 2025 - Present

Instansi Pemerintah Teknis

- Officially appointed as a government technical staff.
- Contributed IT expertise to support digital transformation and public service delivery.

Self-Taught Full Stack Developer
